## 01 PROFILE

I'm currently pursuing a degree in Computer Science, where I've built a strong foundation in programming, algorithms, and software development. I've worked on projects involving web development, data structures, and machine learning, and I'm passionate about solving real-world problems through technology. I'm also comfortable with languages like Python, Java, and JavaScript, and I'm always eager to learn new tools and frameworks to expand my skills.
